

James & Cindy

It is a pleasure to introduce ourselves to you. James was a single parent dad for fifteen years after the death of his wife and Cindy was a single parent mom for four years following a divorce. Each have three children. They have 12 grandchildren between the two families. James & Cindy are now pursuing the challenges that stepfamilies face, desiring to live out God's plan as our two families continue to blend together.

Have James talk at your event or training session...

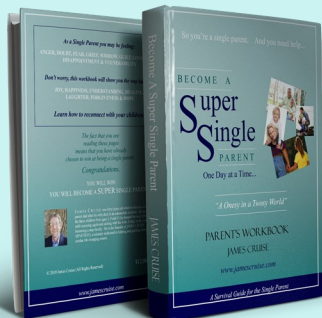

Then Jesus said, *"Come to me, all of you who are weary and carry heavy burdens, and I will give you rest."*

Matthew 11:28 NLT

“It’s not a Family Tree anymore. It’s a Family Forest.”

“Parents used to have lots of children. Now children have lots of parents.”

Married

Incredible as it may seem, we can no longer assume that people in our culture understand what the proper definition of “marriage” and “family” is. Especially Biblical marriage. Today, marriage and the family are regularly viewed as social conveniences that can be entered into and severed by the marriage partners at will. Instead, Scripture teaches that family was God’s idea and that marriage is a divine, not merely human, institution.

Single Parents

Getting you Super about being a single parent is what we are all about. So, you’re a single parent and you need help...We can help! Your life as you know it has changed drastically. Let the process happen. Trust yourself. You can do it. You will survive. As others before you have. Let us become your Survival Guide as a Single Parent. Helping you not only to survive, but to also thrive as a single parent.

Church Leaders

Churches and faith-based organizations are called to be a place of encouragement and support in the world. JAMES CRUISE Ministries is committed to assisting churches and community leaders with ways to minister to the needs of today’s many diverse families and their children. We can work with your church, organization or a group of churches in your city or area to host one-time events or to work with you, your leadership staff or your leadership volunteers.

Step/Blended Families

Being part of a step/blended family can be both a rewarding and a challenging experience. While you as parents are likely to approach remarriage and a new blended family with great joy and expectation, your kids or your new spouse’s kids may not be nearly as excited. They’ll likely feel uncertain about the changes and how they will affect relationships with their natural parents. They’ll also be worried about living with new stepsiblings, whom they may not know well, or worse, ones they may not even like.

Singles

44% of all adults over 18 are single unmarried adults. If you are a single and struggling with your singleness we can help. Your singleness may be just a season in your life or a life long journey. Either way we want to help you embrace your singleness and learn to live life to it’s fullest.
